

## § 1.8

## 12 CFR Ch. I (1–1–03 Edition)

paragraph (a) of this section for speculative purposes.

### § 1.8 Nonconforming investments.

(a) A national bank's investment in securities that no longer conform to this part but conformed when made will not be deemed in violation but instead will be treated as nonconforming if the reason why the investment no longer conforms to this part is because:

- (1) The bank's capital declines;
- (2) Issuers, obligors, or credit-enhancers merge;
- (3) Issuers become related directly or indirectly through common control;
- (4) The investment securities rules change;
- (5) The security no longer qualifies as an investment security; or
- (6) Other events identified by the OCC occur.

(b) A bank shall exercise reasonable efforts to bring an investment that is nonconforming as a result of events described in paragraph (a) of this section into conformity with this part unless to do so would be inconsistent with safe and sound banking practices.

### INTERPRETATIONS

#### § 1.100 Indirect general obligations.

(a) *Obligation issued by an obligor not possessing general powers of taxation.* Pursuant to § 1.2(b), an obligation issued by an obligor not possessing general powers of taxation qualifies as a general obligation of a State or political subdivision for the purposes of 12 U.S.C. 24 (Seventh), if a party possessing general powers of taxation unconditionally promises to make sufficient funds available for all required payments in connection with the obligation.

(b) *Indirect commitment of full faith and credit.* The indirect commitment of the full faith and credit of a State or political subdivision (that possesses general powers of taxation) in support of an obligation may be demonstrated by any of the following methods, alone or in combination, when the State or political subdivision pledges its full faith and credit in support of the obligation.

(1) *Lease/rental agreement.* The lease agreement must be valid and binding

on the State or the political subdivision, and the State or political subdivision must unconditionally promise to pay rentals that, together with any other available funds, are sufficient for the timely payment of interest on, and principal of, the obligation. These lease/rental agreement may, for instance, provide support for obligations financing the acquisition or operation of public projects in the areas of education, medical care, transportation, recreation, public buildings, and facilities.

(2) *Service/purchase agreement.* The agreement must be valid and binding on the State or the political subdivision, and the State or political subdivision must unconditionally promise in the agreement to make payments for services or resources provided through or by the issuer of the obligation. These payments, together with any other available funds, must be sufficient for the timely payment of interest on, and principal of, the obligation. An agreement to purchase municipal sewer, water, waste disposal, or electric services may, for instance, provide support for obligations financing the construction or acquisition of facilities supplying those services.

(3) *Refillable debt service reserve fund.* The reserve fund must at least equal the amount necessary to meet the annual payment of interest on, and principal of, the obligation as required by applicable law. The maintenance of a refillable reserve fund may be provided, for instance, by statutory direction for an appropriation, or by statutory automatic apportionment and payment from the State funds of amounts necessary to restore the fund to the required level.

(4) *Other grants or support.* A statutory provision or agreement must unconditionally commit the State or the political subdivision to provide funds which, together with other available funds, are sufficient for the timely payment of interest on, and principal of, the obligation. Those funds may, for instance, be supplied in the form of annual grants or may be advanced whenever the other available revenues are not sufficient for the payment of principal and interest.

## Comptroller of the Currency, Treasury

## § 1.130

### § 1.110 Taxing powers of a State or political subdivision.

(a) An obligation is considered supported by the full faith and credit of a State or political subdivision possessing general powers of taxation when the promise or other commitment of the State or the political subdivision will produce funds, which (together with any other funds available for the purpose) will be sufficient to provide for all required payments on the obligation. In order to evaluate whether a commitment of a State or political subdivision is likely to generate sufficient funds, a bank shall consider the impact of any possible limitations regarding the State's or political subdivision's taxing powers, as well as the availability of funds in view of the projected revenues and expenditures. Quantitative restrictions on the general powers of taxation of the State or political subdivision do not necessarily mean that an obligation is not supported by the full faith and credit of the State or political subdivision. In such case, the bank shall determine the eligibility of obligations by reviewing, on a case-by-case basis, whether tax revenues available under the limited taxing powers are sufficient for the full and timely payment of interest on, and principal of, the obligation. The bank shall use current and reasonable financial projections in calculating the availability of the revenues. An obligation expressly or implicitly dependent upon voter or legislative authorization of appropriations may be considered supported by the full faith and credit of a State or political subdivision if the bank determines, on the basis of past actions by the voters or legislative body in similar situations involving similar types of projects, that it is reasonably probable that the obligor will obtain all necessary appropriations.

(b) An obligation supported exclusively by excise taxes or license fees is not a general obligation for the purposes of 12 U.S.C. 24 (Seventh). Nevertheless, an obligation that is primarily payable from a fund consisting of excise taxes or other pledged revenues qualifies as a "general obligation," if, in the event of a deficiency of those revenues, the obligation is also supported by the general revenues of a

State or a political subdivision possessing general powers of taxation.

### § 1.120 Prerefunded or escrowed bonds and obligations secured by Type I securities.

(a) An obligation qualifies as a Type I security if it is secured by an escrow fund consisting of obligations of the United States or general obligations of a State or a political subdivision, and the escrowed obligations produce interest earnings sufficient for the full and timely payment of interest on, and principal of, the obligation.

(b) If the interest earnings from the escrowed Type I securities alone are not sufficient to guarantee the full repayment of an obligation, a promise of a State or a political subdivision possessing general powers of taxation to maintain a reserve fund for the timely payment of interest on, and principal of, the obligation may further support a guarantee of the full repayment of an obligation.

(c) An obligation issued to refund an indirect general obligation may be supported in a number of ways that, in combination, are sufficient at all times to support the obligation with the full faith and credit of the United States or a State or a political subdivision possessing general powers of taxation. During the period following its issuance, the proceeds of the refunding obligation may be invested in U.S. obligations or municipal general obligations that will produce sufficient interest income for payment of principal and interest. Upon the retirement of the outstanding indirect general obligation bonds, the same indirect commitment, such as a lease agreement or a reserve fund, that supported the prior issue, may support the refunding obligation.

### § 1.130 Type II securities; guidelines for obligations issued for university and housing purposes.

(a) *Investment quality.* An obligation issued for housing, university, or dormitory purposes is a Type II security only if it:

- (1) Qualifies as an investment security, as defined in § 1.2(e); and
- (2) Is issued for the appropriate purpose and by a qualifying issuer.

(b) *Obligation issued for university purposes.* (1) An obligation issued by a State or political subdivision or agency of a State or political subdivision for the purpose of financing the construction or improvement of facilities at or used by a university or a degree-granting college-level institution, or financing loans for studies at such institutions, qualifies as a Type II security. Facilities financed in this manner may include student buildings, classrooms, university utility buildings, cafeterias, stadiums, and university parking lots.

(2) An obligation that finances the construction or improvement of facilities used by a hospital may be eligible as a Type II security, if the hospital is a department or a division of a university, or otherwise provides a nexus with university purposes, such as an affiliation agreement between the university and the hospital, faculty positions of the hospital staff, and training of medical students, interns, residents, and nurses (e.g., a “teaching hospital”).

(c) *Obligation issued for housing purposes.* An obligation issued for housing purposes may qualify as a Type II security if the security otherwise meets the criteria for a Type II security.

## PART 2—SALES OF CREDIT LIFE INSURANCE

Sec.

2.1 Authority, purpose, and scope.

2.2 Definitions.

2.3 Distribution of credit life insurance income.

2.4 Bonus and incentive plans.

2.5 Bank compensation.

AUTHORITY: 12 U.S.C. 24 (Seventh), 93a, and 1818(n).

SOURCE: 61 FR 51781, Oct. 4, 1996, unless otherwise noted.

### § 2.1 Authority, purpose, and scope.

(a) *Authority.* A national bank may provide credit life insurance to loan customers pursuant to 12 U.S.C. 24 (Seventh).

(b) *Purpose.* The purpose of this part is to set forth the principles and standards that apply to a national bank’s provision of credit life insurance and the limitations that apply to the receipt of income from those sales by

certain individuals and entities associated with the bank.

(c) *Scope.* This part applies to the provision of credit life insurance by any national bank employee, officer, director, or principal shareholder, and certain entities in which such persons own an interest of more than ten percent.

### § 2.2 Definitions.

(a) *Bank* means a national banking association or a bank located in the District of Columbia and subject to the supervision of the Comptroller of the Currency.

(b) *Credit life insurance* means credit life, health, and accident insurance, sometimes referred to as credit life and disability insurance, and mortgage life and disability insurance.

(c) *Owning an interest* includes:

(1) Ownership through a spouse or minor child;

(2) Ownership through a broker, nominee, or other agent; or

(3) Ownership through any corporation, partnership, association, joint venture, or proprietorship, that is controlled by the director, officer, employee, or principal shareholder of the bank.

(d) *Officer, director, employee, or principal shareholder* includes the spouse and minor children of an officer, director, employee, or principal shareholder.

(e) *Principal shareholder* means any shareholder who directly or indirectly owns or controls an interest of more than ten percent of the bank’s outstanding voting securities.

### § 2.3 Distribution of credit life insurance income.

(a) Distribution of credit life insurance income by a national bank must be consistent with the requirements and principles of this section.

(b) It is an unsafe and unsound practice for any director, officer, employee, or principal shareholder of a national bank (including any entity in which this person owns an interest of more than ten percent), who is involved in the sale of credit life insurance to loan customers of the national bank, to
